**TRADE  
GLASS  
DEPOT**

Sleek modern lines. Easy to install. No fabrication required. Trade Glass Depot's range of stainless steel semi-frameless glass pool fencing is sure to please. Our complete solution consists of modular components that eliminate welding and polishing for fast, no-fuss installations.

## STAINLESS STEEL POSTS

50.8mm (1.6mm wall thickness) 316 marine grade stainless steel posts in core-drill, wall mount and flanged models - in stock sizes and custom made to suit any configuration. All posts are nutserted to ensure structural rigidity and ease of installation.

## POST ACCESSORIES

TGD carries a full range of accessories - we cater for every installation substrate and finish.

## GLASS CLIPS

316 marine grade stainless steel clamps. We stock clips for our round posts as well as flat-back clips suitable for mounting to walls or square posts.

## GATE LATCHES

D&D Technology gate latches specifically designed for glass gates. We have lockable and non-lockable versions available, including stainless steel gate stops to match our mirror finished posts.

## GLASS PANELS

10mm Grade A Toughened Safety Glass in 35 sizes: 100-1800mm in 50mm increments. All of our glass is carried in stock to ensure you achieve equal panel sizes in each different run of fence creating the custom-made look.

## GATE HINGES

316 marine grade stainless steel hinges to suit round posts, in polished finish to match mirrored posts.

## GLASS GATES

8mm Grade A Toughened Safety Glass gates in 13 sizes from 700-1000mm in 25mm increments.

## ACCESSORIES

A complete range of installation consumables and accessories: core drill bits, fixings, grouts, glazing silicon, etc... Available to complement our entire range of pool fencing and balustrade solutions.
