

# STANDOFF POINT FIXING

[www.tradeglassdepot.com.au](http://www.tradeglassdepot.com.au)

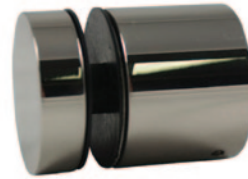

**TRADE  
GLASS  
DEPOT**

Through years of installation experience, Trade Glass Depot has developed a complete point-fixed standoff range. We have almost every installation problem solved in a total standoff solution, all in stock and available now. We can also custom machine standoff solutions to your exact requirements, should you prefer.

## 38MM KIT

38mm pre-assembled standoff kits consisting of body, cap, washers and fixings, machined from solid billet 316 stainless steel in mirror finish.

## 50MM KIT

50mm pre-assembled standoff kits consisting of body, cap, washers and fixings, machined from solid billet 316 stainless steel in mirror finish.

## 38MM BODIES

38mm bodies in 10mm increments from 10mm to 100mm, machined from top quality solid billet 316 marine grade stainless steel.

## STAIR BRACKETS

Single piece construction with multiple side and bottom fixings for open stair treads, offering greater strength than fixing only to tread-end grain. All constructed, of course, from solid 316 marine grade stainless steel.

## STANDOFF TOOLS

Specialist tightening tools for 38mm & 50mm pin series.

## THERMAL BREAK WASHERS

Thermal break washers, both self-adhesive and plain, suitable for 38mm & 50mm series bodies.

## SPACING SHIMS

3mm, 8mm & 10mm spacing shims to counter substrates that are not plumb or straight, ensuring your finished product is always perfect.

## FIXINGS & ANCHORS

We stock a range of fixings and anchors, available to suit most substrates.
